TECHNICAL BULLETIN

Version 1

Product Name **WINDOW CLEANER**

Code No 315

ENVIRONMENTAL ASPECTS

- PF- Phosphate Free
- Biodegradable

BENEFITS

- Streak free cleaner
- Specially formulated to penetrate and dissolve dirt
- Product dries quickly after application

DESCRIPTION

Window Cleaner is a blue thin liquid with a characteristic ammonia and alcohol odour. This formula combines a high performance solvent system with the power of ammonia, guaranteeing a streak free finish every time. This product has a fast acting formula that quickly dries, penetrate and dissolve dirt, dust and other soils on glass, windows and mirrors leaving surfaces squeaky clean and streak free. Window Cleaner is easy and safe to use, and its surfactants are biodegradable.

Window Cleaner may be used as a spray & wipe for cleaning desks and counter tops in office environments. Also Window Cleaner will effectively remove stains from alcohol and tobacco residues on pocker machines leaving them with a streak free clean.

DIRECTIONS FOR USE

Window Cleaner can be applied using a spray bottle and a clean lint free cloth or by using a squeegee and a bucket of window cleaner.

PACKAGING AVAILABILITY

This product is available in 20 L, 5 L.
