Enzymo Front Laundry Powder is designed for Front Loading Washing Machines. This powder is white with blue specs, low suds, and 100% active powder, enriched with enzymes with a strong appealing fragrance which perpetuates in the wash cycle. Enzymo Front Laundry Powder contains softener and special optical brighteners to give a lustrous appearance to freshly dried cleaned fabrics. Enzymo Front Laundry Powder includes a large amount of oxygen active and Anti-Redepositing agents to disperse the soil and dirt into the water, leaving your wash free of germs and odours.

Enzymo Front Laundry Powder offers:

- Low Suds, Surfactants and Antifoams
- Enriched with protease enzymes to remove protein based stains e.g. grass, blood, faeces and various foods such as egg and gravy.
- Includes a mild Oxygen Bleach to assist in
- Achieving a Greater Degree of Whiteness
- Antibacterial Properties
- Excellent for Cotton, Regenerated Cellulose (Viscose), Polyester, Acrylic and Nylon.
- Mild in PH – takes care of the fabric
- Readily Soluble in water and moderately sudsing
- Low in Phosphate – Environmentally friendly
- All ingredients are 100% safe to be used in food processing areas: e.g. equipment cleaning and soaking, laundry related products...

DIRECTIONS FOR USE:

- 1/3 cup = 80g per machine load

Like any other powder, please DO NOT pour Enzymo Front directly onto clothes; make sure you dissolve the powder fully before adding the clothes.

For best performance in every wash, use both Enzymo Front concentrated Laundry Powder & Fabric Softener
