- Premium Quality & Value
- Superior to the leading brands
- Contains Softeners
- Suitable for Hot & Cold Water

### ENVIRONMENTAL ASPECTS

- Biodegradable Surfactants
- LP ( Low Phosphate)

Premium Enzyme Laundry Powder is a bright blue 100% active powder, enriched with enzymes with a strong appealing fragrance which perpetuates in the wash cycle. Premium Enzyme Laundry Powder contains softener and special optical brighteners to give a lustrous appearance to freshly dried cleaned fabrics. Premium Enzyme Laundry Powder includes a large amount of oxygen active and Anti-Redepositing agents to disperse the soil and dirt into the water, leaving your wash free of germs and odours.

Premium Enzyme Laundry Powder offers:

- Enriched with protease enzymes to remove protein based stains e.g. grass, blood, faeces and various foods such as egg and gravy.
- Includes a mild Oxygen Bleach to assist in: (a) Achieving a Greater Degree of Whiteness and (b) Antibacterial Properties
- Excellent for Cotton, Regenerated Cellulose (Viscose), Polyester, Acrylic and Nylon.
- Mild in PH – takes care of the fabric
- Readily Soluble in water and moderately sudsing
- Low in Phosphate – Environmentally friendly
- All ingredients are 100% safe to be used in food processing areas: e.g. equipment cleaning and soaking, laundry related products...

**DIRECTIONS FOR USE:**

- 1/3 cup = 80g per machine load

Like any other powder, please DO NOT pour ENZYMO directly onto clothes; make sure you dissolve the powder fully before adding the clothes.

For best performance in every wash, use both Enzymo concentrated Laundry Powder & So Soft Fabric Softener

Avoid contact with eyes , skin and clothing.
