**HAND WASH & WASHROOM CHEMICALS**

**TECHNICAL BULLETIN**

---

### **BENEFITS**

- Heavy duty cleaner
- Pleasant Fragrance
- Safe on most surfaces
- Kills germs & odours

Washroom / Toilet Bowl Cleaner is a powerful heavy duty thick liquid designed to effectively clean, disinfect and deodorise toilet bowls, ceramic urinals and stainless steel sinks. It is specially thickened with a clinging additive to avoid wastage in use and to guarantee maximum effectiveness of cleaning.

Washroom / Toilet Bowl Cleaner is formulated from mineral acid for maximum stain, body fat and soil removal and is ideal to remove scale, rust, uric acid, mould, mildew and other stains from porcelain, taps, showers, floors and washroom surfaces.

### **DIRECTIONS FOR USE:**

Apply undiluted to bowls. Allow the liquid to run underneath the rim and down into bowl. Scrub with brush and flush bowl. In cases of bad stains allow solution to stand and then brush.

To clean floors and other surfaces: Dilute the liquid up to 1 to 20 parts of water. Thoroughly rinse off after use.

Caution: Being acidic in nature Washroom / Toilet Bowl Cleaner should not be used on surfaces that may be reactive to acids such as Aluminium, terrazzo, concrete, marble etc.
