LAUNDRY CARE CHEMICALS

TECHNICAL BULLETIN

BENEFITS

- Premium Quality & Value
- Biodegradable
- Cleans, freshens & softens
- Contains Softeners

Wool Wash is a thick white liquid, specially formulated with neutral pH to gently clean, freshen and soften wool. Wool Wash is ideal for washing all your special wool garments and is also suitable for silks, fine cottons, linen and viscose.

DIRECTIONS FOR USE:

Machine Washing:

- Top Loading: Use 100ml (1/2 cup) Wool Wash
- Front Loading: Use 50ml (1/4 cup) Wool Wash

Always use the delicate, gentle or wool cycle on your machine.

Hand Washing:

- In a basin or medium size bowl, pour 50ml (1/4 cup) Wool Wash
- Dissolve it in warm water before adding garments.
- Gently wash garments without rubbing.
- Rinse thoroughly.
- Gently squeeze or roll in towel to remove excess water.
- Dry as directed.

Please DO NOT pour Wool Wash directly onto clothes, make sure you dissolve the liquid fully before adding the clothes.
